

Flanigan BiLT Putters

Putter Fitting Clinic

Flanigan BiLT Putters – Fitting Clinic has the only mobile SAM PUTTLAB (Science and Motion) in the State of Ohio. My name is Ken Flanigan which I am the owner/designer of Flanigan BiLT Putters, as well as, putter instructor and fitter. This year our FB1 Flanigan BiLT putter was Awarded in Golf Digest 2013 Hotlist and we were featured on the Golf Channel's "Golf in America".

Flanigan BiLT Putter - Fitting Clinic's main goal is to have members/players fitted correctly to their putters with the proper loft, lie, length, grip and to improve their stroke characteristics. Your members will receive a 45 minute putter fitting that includes a 5 to 7 ball analysis on the SAM PUTTLAB with putter adjustments according to their results. Your members will also receive their specs and an email of a full report (Sample Report) of their results, which will be email directly to the Pro for their review.

We will have our Flanigan BiLT Putters available with us on site at all events. Please note for every Flanigan BiLT putter sold on site, the PGA Professional will receive a commission for allowing us to sell our putters at their club. We want the members/players to be properly fitted to the correct style of putter to accommodate their stroke style whether it is with the putter they are currently using, our putter or one from your pro shop. Note to the PGA Professional at no charge to you, before scheduling a clinic, feel free to call me for a personal SAM PUTTLAB fitting to give you a full understanding of what I can offer your members/players.

Putter Fitting Clinic Day

Please Call to Schedule Putter Fitting Clinics.

216-466-1953
